

A big hello to you all. We are eagerly awaiting Boris talking to us all on the 22nd and have lots of plans going on to get you back on site safely. We do know it depends on what he advises everyone to do which means we cannot finalise anything until after his speech. But, our tentative plan is that we will be making calls and talking to you all during the week starting on Tuesday 23rd February, we will be updating you and finding out your views on how the changes may affect you and what we may have on offer.

Thank you again for all your lovely feedback on your deliveries and our overall service currently. We do appreciate it and it does keep us all going.

Keep safe everyone we love your busy pictures and can't wait to see you all soon.

**Information for Luton Clients.**

We have received lots of calls and emails this week from worried parents about letters they have received from Luton council. The letter appear to relate to services that the DRC may be currently providing particularly if you use a PA in addition to coming to YAWN Life. If you do then we suggest you contact the DRC on the numbers given.

The letters also mention the swop to a new prepaid card system for paying for your care. We believe it is similar to the scheme that Central Beds have been running for over a year now.

Parents that we have spoken to seem to have different letters, so it is hard for us to comment individually. We suggest you contact the number on your letter if you are worried.

If Luton's card scheme is the same as the Central Beds these are some of the things that we believe will be introduced:

- It will be a new account that the council will open for you, this account will then be used to pay for your services.

- This account will replace the existing account that is used to make payments to us.

- This account will come with a prepayment card

- You and the council will be able to access the account which will take away the need for you to complete returns if you currently have to do this.

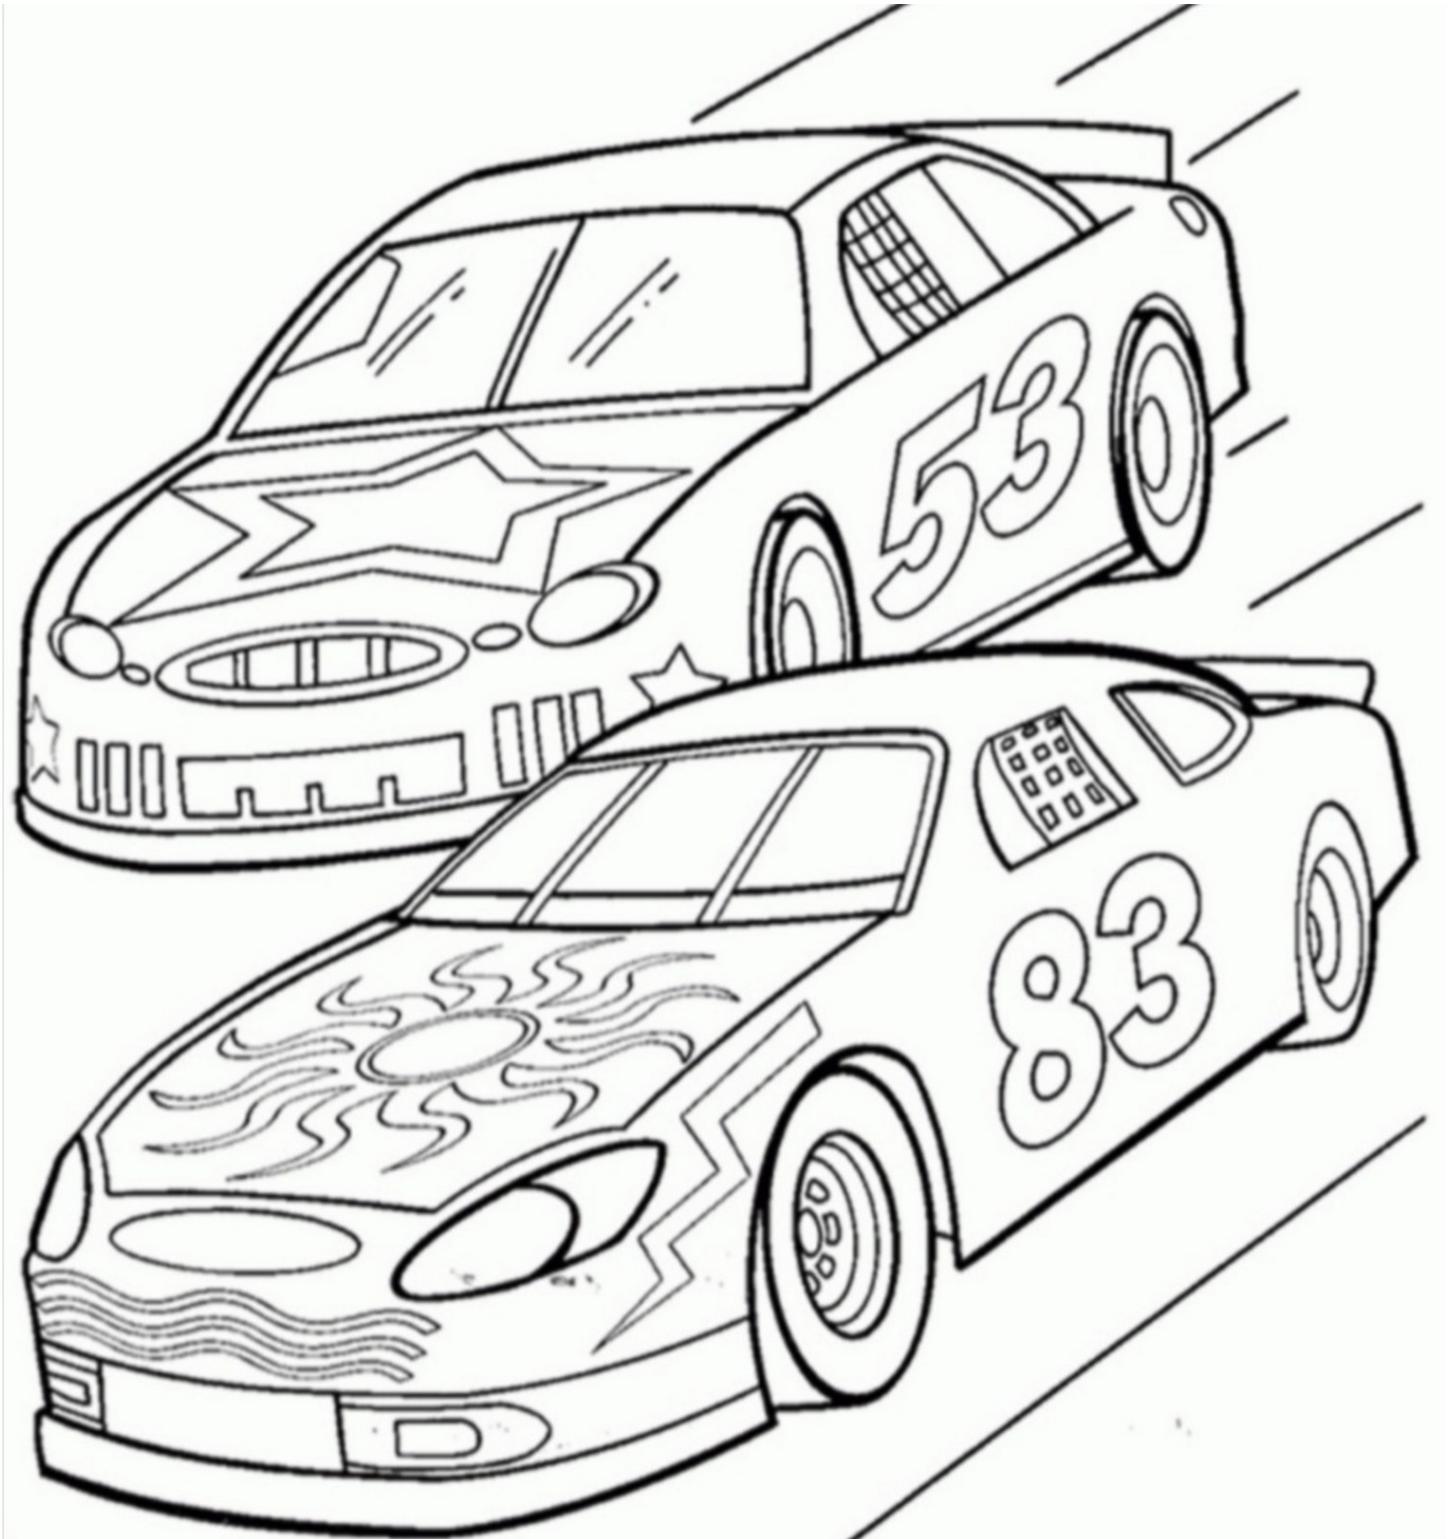

- If at the moment you use online banking, you will be able to continue to do so with your new account and continue to pay your invoices from us as you do now.

- The biggest change we believe is if you have a holding account and the DRC pay your invoices for you. If this is the case and you are unsure, we would advise you to seek further advice from Social care or the Disability Resource Centre.

- This appears to vary to Central Beds so at this stage we too are unsure. We will be trying to find out more information for you, if we do, we will update you as soon as we can.

- Please do try not to worry about these changes. The way payments are made will change but it is separate and not connected to your eligibility for services.
